“ Tammy and Todd, It was a sad day when I read of Teds passing in the news paper the other day.I know it's hard to loose a family member as I've found out, but the memories of all the good times will be with you for a life time. My deepest sympathy from another one of the Lilly Rd. kids. Kevin

“ Dear Tod and Tammy,
I was deeply saddened to learn of Ted's death. I know for many years he has been living on borrowed time due to his addiction problems. I mourn the loss many years ago of a handsome, talented, and gregarious young man. I choose to remember him that way. To this day I am afraid of the ferris wheel. Ted and I were at the top at the firemans festival in Sebring and it broke down. He rocked the car so hard I thought that I would fly out. His mischievous side was always an attraction. I will always hold dear in my memory our fun times as children, teens and young adults. I was always proud to be the cousin of the cutest and most popular guy in the class.

We moved to Florida a few years ago to be closer to the boys. Life is good without winter. You are all in my thoughts and prayers.

Love,
Kathryn Ann

“ *Tammy and Todd:*

Sorry to see the passing of your brother. I remember Ted when we were on the Aviator football team together as well as some other social activities during our high school years. You have my sympathy.
