“ *Dear family & friends of Helen Lynons, I did not know her personally however I do know the pain that comes from loosing a loved one. The bible says at 2 Corinthians 1: 3,4 that the bible is a source of comfort for those who need comforted. Our creator holds out provisions for those that have passed away. Jesus promises at John 5: 28, 29 that those in his memory will be reunited with their loved ones again, and that there will be a time when no one will sorrow from the pain of death as death will be no more (Rev. 21: 3,4). Instead of an earth filled with sickness and death, Isaiah chapter 65 describes a time of exquisite delight and peace for all mankind. I hope that this will bring some comfort to you during this time of sorrow. Deepest Sympathy, Angela*
